

RING SIZER

Can't find the perfect size? We're here to help.

Ring size guide

If you have a ring that fits perfectly on the finger you plan to wear your LAAL JEWELLERY ring, use the following method to determine your size. Match the inside of your ring with the circles below; the inner edge of your ring should align with the outer edge of the circle. If your ring falls between two sizes, we suggest choosing the larger size.

Before printing the sizing guide, be sure that your printer options are set to print to actual size. Do not scale to fit. Print on full sheets of A4 paper.

To verify that the sizing guide has printed correctly, measure the sample below with a ruler. It should measure exactly 20 mm.
